

Advantages of a Checking Account

Over ninety percent of transfers of funds in business are made through the medium of bank checks, thus avoiding the dangers incident to carrying large sums about, and the risk of making the wrong change.

This method enables the business man or individual to keep his money safely in the bank, instead of on the premises or about the person, where it would be subject to hazard.

A checking account at this bank costs you absolutely nothing, and we invite you to call on us.

Fortunatus Questions His Daddy

Say, daddy, when do the first permanent teeth come through?

Usually about 5 or 6 years of age, but before any of the "baby set" are shed a child cuts 4 permanent molars called "6th year molars."

Dr. H. A. Magruder
DENTIST

I DON'T WORK FOR NEGROES
Our 9th year in El Paso. Plaza Block

DO YOU WANT TO QUIT DRINKING? IF YOU DO WE CAN CURE YOU!

Many a man wants to quit drinking, but cannot. THE DESIRE FOR LIQUOR IS A DISEASE. We treat the disease (no hypodermic or dangerous drugs used) and make a man cure no more for LIQUOR than before a drop ever passed his throat.

A SANITARIUM has been established here. A CURE GUARANTEED. It cannot hurt your health and will stop you from business only three days.

YOU OWE IT TO HUMANITY to investigate this opportunity. If you do not drink tell your friends about it.

El Paso, Texas, Dec. 27th, 1909.

To the Public: I had been a hard drinker for thirty years when induced by a friend to take the Globe Three Day Cure. In three hours after the first medicine was given me I had no desire to drink, though it was right there in my room. I want to state to all drinking men in El Paso, especially my drinking friends, to take advantage of this opportunity to free themselves from their slavery to alcohol. I do not now feel any nervousness and feel better than I have for twenty years. I am sure that I will never taste whiskey again. I am under everlasting obligations to the Globe Three Day treatment for curing me.

C. L. RIDLEY.

HE SAYS MINERS ARE RESPONSIBLE

A Pima County Democrat Says There Is Nothing Good in the Recall.

Tucson, Ariz., Feb. 6.—L. H. Manning, one of the leading Democrats of Pima county, says he is convinced that the Western Federation of Miners is responsible for the ultra-radical features of Arizona's constitution.

"I am absolutely opposed to the initiative and referendum as they appear in the constitution. They will cause constant confusion, will not be beneficial to the people of the territory and will give a body blow to the cause of statehood. The initiative and referendum are not Democratic."

"There is nothing in the recall that is good. The measure cannot in any way benefit the people or the judiciary. On the contrary, it will lower the standard of the judiciary and of the courts."

"If the constitution is ratified by Arizona and rejected by the president and congress, I believe Arizona will never get statehood, for the fact that the people of the territory could endorse such a document would be an automatic condemnation of the people of the territory as not fit for statehood."

Not Work of Democrats. "It cannot be said that the so-called Democrats by their vote on the Fenney proposition, legalizing strikes, picketing and boycotting, which was killed, represented the Democratic party in Arizona," said William M. Lovell, a Democratic attorney. "They represented another and further sentiment, which is and always has been abhorrent to the ideas of Democracy."

"Entertaining the views that I do with reference to the un-democratic sentiments expressed in the Fenney proposition and the vicious provisions contained in the proposed constitution, as a life long Democrat and as an American citizen, I do most respectfully dissent, and think I have a right to assume and say that the proposed constitution does not express the views of the Democracy of Arizona, but rather the subversive and temporizing views of G. W. P. Hunt and those other pseudo Democrats who voted with him for the Fenney proposition, and who dominated the convention and are responsible for the many vicious provisions contained in the proposed constitution."

Recall a Grave Mistake.

S. Y. Barkley, another Democrat, said: "The recall of the judiciary is as much a grave mistake that I am opposed to the constitution on that ground. I cannot condemn it too strongly."

CARLSBAD HAS NEW INSURANCE RATING

Stockmen Report Greatly Improved Conditions on the Ranges.

Carlsbad, N. M., Feb. 6.—The fire insurance underwriters have finally submitted their long looked for report of new ratings for Carlsbad and in practically every instance the rate has been reduced. The excellent water system, the fire department and the municipal system of keeping the streets and alleys free and clean from trash and rubbish, thus reducing the hazard of fire, were favorably commented upon by the Denver board.

A. G. Shelby has purchased the interest of his partner, D. G. Rickman, in the grocery business and will conduct the business under the name of A. G. Shelby company.

Mr. and Mrs. Jos. G. Stevens, of New York, are the guests of Mr. and Mrs. F. G. Tracy, in Huerta. Mr. Stevens is one of the largest individual land owners in this section of the valley and is one of the pioneer residents of Eddy county and acquired his lands in the early days. They will remain indefinitely.

C. C. Gelvin, aged 28 years, died of tuberculosis at his home in this city and was buried, the services being conducted by the L. O. O. F. lodge, of which he was a member. He leaves a wife and one small child.

R. L. Winters, wife and son, of Kansas City, are the guests of their nephew, R. L. Halley, on an en route to the Pacific coast in an automobile and will leave here for El Paso, where they will make a short visit.

At a meeting of the town board, preparatory steps were taken to enter suit against the property owners who are delinquent in regard to connecting their property with the sewer. Connections were made compulsory by the ordinance passed last summer. Suits will be instituted at once.

The stock men from every section of the county are sending or bringing in favorable reports as to the grass and cattle conditions in their respective sections. The recent snow, supplemented with the light showers which have fallen over the county, and the recent warm weather, have done much towards freshening the range and the stock bids fair of surviving the winter, which, so far, has been unusually mild. In better shape than has been anticipated.

AVERT LYCHING AT NOGALES, ARIZ.

Nogales, Ariz., Feb. 6.—Sheriff Harry Saxon and deputies averted a lynching here by letting it be known they were prepared for a demonstration, following the finding of three bodies of Chinamen who are believed to have been murdered by Mexican guides. Feeling here was intense and all that was lacking was a leader, it is stated.

CLOUDCROFT NOTES.

Cloudcroft, N. M., Feb. 6.—Mrs. C. B. Long is visiting her son and family in Gorman, Texas.

T. C. Newby, who has bought out the Brackville grocery store will sell it out to put in a supply of feed which he intends to carry.

P. B. Ball, one of the employees of the Cloudcroft Commercial company, is visiting friends and relatives in Sladen, Texas, his home town.

Cloudcroft had a touch of wild west, when Charley Walker saddled and rode with only a rope bridle an unbroken steed.

Miss Grace Painter, who has been visiting in Alamogordo for the past week, has returned home.

When buying a cough medicine for children bear in mind Chamberlain's Cough Remedy is most effective for colds, croup and whooping cough and that it contains no harmful drug. For sale by all dealers.

BANDITS ARE ON THE MORMONS

Town of Guadalupe May Be Abandoned Because of Recent Murders.

Colonia Dublan, Mex., Feb. 6.—George Hurst and an employee from Boyd's meat market at Nueva Casas Grandes were fired upon by Mexicans while in a pasture to hunt a steer that Mr. Hurst was selling for beef. They were riding leisurely when four mounted Mexicans put in an appearance from some unknown quarter, and almost immediately a shot was heard. They thought nothing of it until they saw one of the Mexicans directing the movement of the other three and a second bullet whizzed past their ears so close that they felt the movement of the air. They were very much surprised, for Mexicans have no right in the pasture at any time, so they thought they would be safer in Colonia Dublan, and it did not take them long to put spurs to their horses and ride home.

After the facts became known a posse of armed men went to the pasture but the intruders had made their escape and left no traces. They are not thought to be either rebels or federalists but only a band of robbers who are taking advantage of the political unrest of their country.

The members of the Relief society were entertained in honor of the departure of Mrs. Terry for the United States. She has been a resident of Colonia Dublan almost from its birth and has been a worker in the relief society from its first organization. She was presented with a purse of money. It is thought that the seepage from the reservoir lakes has been great enough to mature wheat and oats without further irrigation, and the people have been advised to plow and plant the land.

People living on the outskirts of town have been advised to move nearer the center for the sake of protection.

It is possible that the little town of Guadalupe will be dis-inhabited because of the murders committed there. The turning loose of the convicted and sentenced murderers has caused a wave of dissatisfaction to pass over the colonies that is very destructive to their progress and prosperity.

Notes From Colonia Juarez.

J. C. Bentley will leave soon for California where he will remain three weeks or a month to see if the climate there will not benefit his health.

The Mutuals are preparing the play, "Young Mrs. Winthrop," to be put on the boards next Friday. The fourth year students of the Academy put "Nugget" on the boards Friday and played it to an appreciative audience.

Miss Josephine Spillsberry, the typhoid patient, has so far recovered as to be able to sit up. Her brother Donald is yet quite ill, but his recovery is not so doubtful as was his sister's.

MANY MEXICANS COMING TO STATES

Money and Valuables Are Being Brought to Border Cities.

Tucson, Ariz., Feb. 6.—Many Mexican families are arriving from west coast cities and from points in the northern states of Mexico, bringing their money, bonds, securities and other valuables with them. Tucson bankers say \$500,000 in money has been sent to the United States during the past few days while the amount of securities will total a much larger sum. A good deal of this money, they say, has been sent to El Paso, while deposits have been made at Tucson, Douglas and Nogales.

Many safety deposit boxes have been rented by families arriving here in place of their valuables. Houses are being rented for periods of one to six months, the wealthy Mexicans desiring to be outside the range of hostilities.

RAINS MAKE WEEDS GROW ON RANGES AT VALENTINE

Valentine, Texas, Feb. 6.—The recent rains and the continued heavy dews together with the warm weather, are bringing an abundant supply of weeds to the surface. Conditions throughout the state and country are better than for several years past.

Many families from the eastern and central portion of the state, also from Oklahoma and New Mexico, are here looking over the country prior to filling on the state school land which comes on the market this month.

Wm. Hill and family, of Paul's Valley, Oklahoma, have rented "Somerset" cottage. Mr. Hill is buying a shipment of horses and fat cattle for eastern market.

Miss Lulu Wilkins, instructor of the private kindergarten, has closed a successful school term. Miss Wilkins is now occupying the Parker residence.

Born, to Mr. and Mrs. George W. Newport, a baby girl.

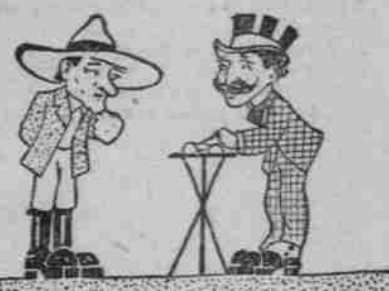

Mr. and Mrs. J. H. Gray, sr., who have been running a boarding house, have closed on account of insufficient help and will occupy the Browning house. The residence vacated will be occupied by Mr. and Mrs. J. H. Gray, jr.

New Hadelston, manager of the General Mercantile company, has moved his family here from Marathon.

SUPREME COURT HAS ADJOURNED TO MARCH

Santa Fe, N. M., Feb. 6.—The territorial supreme court has adjourned to March 1. A memorial on the late senator Stephen B. Elkins, who at one time was attorney general of New Mexico, was presented by attorney general Frank W. Chaney, and former attorney general Thomas B. Catron and George W. Prichard, and was adopted. The court handed down a large number of opinions, almost clearing the docket. The most important of these are:

Quall, Electric Light company vs. the Pacific Improvement company vs. city treasurer O. A. Matson, appellee, to compel the latter to deposit the city funds in a designated bank, affirmed; vs. J. P. Murphy, appellee, affirmed; Mrs. Mary Bell Perkins, appellee, vs. city of Roswell, appellee, involving the location of a sanitarium forbidden by city ordinance, reversed; the Houston-Hart Lumber company vs. Harry Neal and F. C. Herberts, defendants, reversed; Solomon Luna, plaintiff in error, vs. Cerrillos Coal Railroad company, involving title to the Mesita land grant, reversed; S. J. Weaver, appellee, vs. A. M. Weaver, divorce, reversed; Frank H. Moore et al vs. Western Meat company, appellant, involving rent, affirmed.

You Take No Chances

When you come here for your clothing. We never failed to please anybody and have every reason to believe we can please everybody. A very choice line of both imported and domestic fabrics to select from and at prices that mean a saving to you. Style, fit and workmanship guaranteed to be satisfactory in every respect. Let us make your next suit and show you what a really first class suit of clothes is like.

BISBEE HAS FUNDS RAISED FOR FIGHT

City Deposits \$17,000 to Pay Interest on City Bonds.

Bisbee, Ariz., Feb. 6.—Hon. J. R. Morrison has received from Hon. Ralph Cameron, at Washington, a telegram that he would assist in the passage of a bill to enable the removal of the courthouse. In this connection, it is stated on good authority that sufficient funds have been raised to defray all expenses of sending a delegate to Washington in the interest of the bill drafted by the committee of attorneys and which is similar to the Douglas bill, with several amendments.

The recent deposit of \$17,000 in the Citizens' bank by the city of Bisbee does not in any way indicate a surplus wealth nor a desire on the city's part to accumulate a bank account. This action of the city council is merely a piece of foresight to provide for the payment of interest due on bonds in the next four and five months, respectively.

W. D. Pollard left to visit his family in Los Angeles for a week, before commencing active duty as secretary to the executive board of Boy Scouts of America, at Chicago. E. S. Davis, of Proctor, Minn., new general secretary of the Y. M. C. A., will arrive here about March 1 to take charge of its local branch.

B. P. O. E. No. 671 now has the finest home in the southwest. Their building is furnished with magnificent mission and oak furniture.

Jos. E. Maldonado, official clerk and interpreter for the city courts, has resigned his position and will go to Los Angeles Feb. 16 for the benefit of Mrs. Maldonado's health. George Gallen, of Tombstone, at present employed in the recorder's office here, will succeed Mr. Maldonado.

DEFECT IS FOUND IN NEW BANK LAW

Austin, Texas, Feb. 6.—A defect in the new bank depository law was found this afternoon which will result in an amendment having to be introduced in the legislature. The bill provides that bonds shall be deposited with the state treasurer at their "par" value, when it is found practically impossible to get many securities at par. The law will be so changed as to make it provide for bonds at their "market value." This will not defer the opening of the bids.

When given as soon as the croupy cough appears Chamberlain's Cough Remedy will ward off an attack of croup and prevent all danger and cause of anxiety. Thousands of mothers use it successfully. Sold by all dealers.

One Good Investment

Is Worth a Life Time of Labor

Opportunity Knocks at Least Once at Every Man's Door.

This Is His Visit to You

The good things of this life are not created for a chosen few, but for the man who goes forth and claims them; for the man who toils and does; for the man who wisely invests his money, whatever his station in life.

Investment Versus Labor

Did you ever stop to consider how long it would take you to acquire even a modest competency, working for the average wage? Is it not a fact that ninety-nine out of every one hundred fortunes are realized from investments in real estate that has increased two, ten, fifty or one hundred fold?

It is positively a fact that the normal ambition of every person is freedom and independence—relief from the necessity of incessant labor and unremitting toil—the freedom of the man with a competence.

It is equally true that the only way to get that competency is through investment.

We owe the effort not only to ourselves, but to those who are dependent upon us.

Don't Delay

"Get in while you can," is Rockefeller's advice, and that is what you must do if you take advantage of this great opportunity we are offering you now. Take the advice of the world's most successful business man and act at once, before it is too late.

Your Opportunity

To get a home and not cost you any more each month than the rent you are now paying is here, and we extend you an invitation to call and talk the matter over.
